

**November 2019** - Newsletter of the International Gas Union - it provides insights into the latest developments across the global gas value chain through its extensive network.

## Global Gas Report 2019

Snam, International Gas Union (IGU) and The Boston Consulting Group (BCG) present the Global Gas Report 2019, the new edition of the annual report that examines key global gas market trends, looking at recent developments and assessing progress towards the leading role that gas is expected to play in the energy transition. This year's report special feature is a section on the Future of Gas in Europe, co-produced with key European gas infrastructure operators: DESFA, Interconnector UK, Teréga and TAG.

## Yogyakarta Council meeting

The IGU's annual Council Meeting was held on 9-10 October 2019 in Yogyakarta, Indonesia and hosted by the Indonesian Gas Association (IGS).

The Council welcomed BP as the new Charter Member for the UK, four new Associate members to the IGU: Tubacex (Spain), Chart (USA), Romet (Canada) and Ente Vasco de la Energia (Spain), and the Hong Kong and China Gas Company Ltd. as a new Premium Associate Member

Two informative workshops were held covering both global and regional challenges and opportunities for the gas industry. See below presentations for an up to date picture of the natural gas industry in the region.
